2025 Edition

About AUKTIE

Accelerating Green Careers through World-Class Training & Climate-Focused Credentials.

AUKTIE's training portfolio combines practical project management skills with the most urgent themes of our time — decarbonisation, renewable energy systems, carbon accounting, and climate-resilient infrastructure.

Each course is delivered with:

- Globally recognised certifications (e.g., PRINCE2®, PMP, AgilePM)
- Flexible online or hybrid learning options
- Real-world project simulation and work experience
- One-on-one mentorship from sustainability and infrastructure experts
